Our guide to what's happening and what's new

## HOT WATCH

Remember when fitness watches just counted steps? 2017's Fitbit Blaze Fitness Watch helps you set goals and reach them using on-screen graphics to coach you along. With Blaze you can track steps taken, distance, heart rate, calories burned, floors climbed and active minutes across multiple sports. With a long battery life display notifications such as call, text and current music playing when linked to your smartphone, the Blaze is very smart indeed.
